Consultative Meeting Regarding Telemetry Project on 13.06.2023

IRSA's Consultative meeting with WAPDA and the stakeholders was held on June 13, 2023 under the Chairmanship of Chairman IRSA and the following decisions were taken with consensus:

Progress Review of the Project

- WAPDA should make all out efforts to complete the project within the timeline given by them.
- The process of induction of IPoE may be expedited within minimum possible time, so that their important input to vet the reference design comes in parallel with the selected Consultant's input.

Finalization of Remaining 17 Sites for Preparation of Final Scope of Work to be Included in PC-II for Phase-II of the Project

- It was decided that provinces shall furnish their final comments/views regarding addition/deletion of the remaining 17 sites and any additional sites, for Phase-II of Telemetry Project by June 22, 2023, positively, to IRSA. The consolidated report of the remaining sites prepared by IRSA, as proposed by the provinces, shall be forwarded to WAPDA accordingly.
- In case no reply is received by the above indicated cut-off date, it shall be assumed that the provinces have no suggestion or recommendation on the addition / deletion of the remaining 17 nos. or any other additional sites, other than already conveyed sites by them.
